

# August Sundays

## Week 5 Craft

### Shield

This week we are making shields! You'll need a print out of this sheet (ideally on card), things to decorate with and scissors. You may also want some cereal box card and some glue.

Cut out the shield and decorate it as much or as little as you like. If you're feeling creative you could make some straps out of cereal box card so you can wear your shield on your arm!
